WORK EXPERIENCE

TNR 7 Agency

Dhaka, July 2023 - April 2025

- Worked as a web developer at a web development agency for 2 years (2023–2025), where I gained strong experience in building, customising, and maintaining responsive WordPress websites, including e-commerce and business sites. I also worked on improving website performance, design quality, and user experience.

Senior Web Developer

- Currently working as a web developer at a digital web agency (2025–Present), focusing on advanced website development, client projects, and modern digital solutions.
- I continue to improve my skills in WordPress, Elementor, Crocoblock, and project management.
